INTERNATIONAL PEACE CONFERENCE IN BERLIN 2017 SEOUL-LEIPZIG

The 2017 Berlin International Peace Conference started with the '2015 Seoul International Peace Conference' as a purely private international peace conference in South Korea, the only division nation in world

2015 Seoul International Peace Conference was held with the peace queens selected from 70 countries as part of the nation-wide movement praying for peaceful reunification of the Korean peninsula for the 70th anniversary of the national division at JSA (Panmunjom) which is the symbol of the division of the Korean Peninsula in 2015

The 2017 Berlin International Peace Conference is a International convention on the subject of "unification, making the road" for getting ready for peace and unification on the Korean Peninsula.

The meaning of 2017 Berlin International Peace Conference is that it is held in Leipzig, Germany where peaceful reunification has been accomplished ahead of time as well as where the Reformation took place with the north-south Korean churches.
